BRIEF ABSTRACT OF LETTER.

Submits for sanction proposals for advances on crop hypothecation for working Expenses of the Coffee Estates hypothecated to the late Sakleshpur Agricultural Bank including that of the Edwar brothers under Govt. management and other proposals regarding sale of certain portions of that Estate & recommends the appointment of Mr. J. G. H. Crawford for inspection & supervision of the working of these Estates on a monthly salary of Rs. 150.

NOTES AND ORDERS.

The Dy. Comr. has asked for a provision of Rs. 24,521-2-9 on account of the working Expenses of the Estates mortgaged to the late Agricul Bank at Sakleshpur for 1905-06.

The Dy. Comr. of the Kadur District is against the grant of such advances vide Endst. No. 2 of 1-7-05.

The Dy. Comr. further recommends that Lieut. Crawford be appointed to inspect and supervise the working of the Estates mortgaged to the said bank.

Mr. Pilkington's application for the continuance of his service as Inspector of the Coffee Estates is hereby laid with the Diwan Sahib for consideration.

I have noted in pencil the salient points in the D. Comr's letter and in Mr. Pilkington's reports. In this connection I beg to invite attention to my note in file No. W. No. 17 re Chikmagalur Coffee Bank. It will be observed that while in the case of the latter Bank the D. Comr. himself, Mr. Nathan and Cheruvi Chetty are not in favor of advances being made by Government to the members for the working expenses of their estates, Mr. Rathnell strongly recommends the grant of such advances in regard to the Kalasapura Bank.

The amount of advances recommended is well within the limits of the value of the crop expected as compared with the estimates

by Mr Pilkington, except in the case of the Waderan Estate the value of the crop of which has been estimated by the D.C. at 700 maunds which Mr Pilkington thinks it safe to fix it at 600 maunds.

The advances ~~claimed~~ required by the owners of the estates of Hardagi and Kurkalli are less than the value of the crop expected, and the D.C. proposes to put up the same to auction if it is not likely to fetch a good price. The D.C. had already proposed a portion of the Kurkalli estate being sold to one Mr. Anderson & the Govt. have sanctioned this proposal. Three of the blocks of the Waderan Estate which are situated at a distance from the main blocks are also proposed to be put up to auction as no cultivation is undertaken in them.

The appointment of Mr Crawford as Inspector of Coffee requires the sanction of the Government of India.

for the past three
months and they
represent that they
are

are unable to carry on the cultivation of their Estates without further advances from Govt. They have all executed crop hypothecations on their crops of 1905-06 in favour of the Deputy Commr & are therefore precluded from raising money on crop hypothecations elsewhere. Moreover the Superintendent of Idewar Estate is in urgent need of money for

for carrying on the cultivation of that Estate which is under Govt management. The monthly allotment for July is now due. Kindly obtain & communicate early sanction to payment of allotments for this and other Estates so as to preclude the necessity of Maistries & Coolies being

Bangalore.

Sir,

With reference to para 2 of Government Proceedings No: Fl 6994-6 / B. 33-04 dated 15th April 1905 observing that regarding amount required for the working and other

2

other expenses, a Coffee year, as it is called, becomes unintelligible, and provision cannot be made for each estate and for broken periods of an official year, and directing that provision required for all such estates should be stated &c, I have the honour to explain that the reason why the annual allotment or provision* for the "Coffee" or cultivating year from 1st April 1905 to 31st March 1906 was (as usual) made for Eldevar Estate (under Government management) is because it is not only more convenient for regulating cultivation but also because the allotment for those 12 months is compared with

* Submitted with my letter No: 73 Agb Dated 14th March 1905.

2

the estimated value of the Coffee Crop, which forms, develops, and matures, and is also picked and sold during that period; whereas if the official year be taken, there will be an odd portion at the end of the year viz from 1st April to 30th June during which the cultivation has to be regulated as against the estimation of the ensuing Crop.

2. But as directed by Government in the above quoted Proceedings the official year 1905-06 has now been adopted as the period for which the proposed annual allotments have been

entered

entered for sanction in the enclosed Statement A, in which I have included not only the allotment of Udenar Estate under Government management but also allotments for working expenses of such of the estates for which I recommend advances to the owners on the hypothecation of their crops to Government. The amount of advance to each owner of the Estates (other than Udenar, Kirhalli and Hadigé) has been regulated (as per entries in column 3 of Statement A) in accordance with their individual applications presented

presented before me and it may be seen that such amounts are very moderate even when compared with the lower figure of Mr. H. Pilkington's estimate of Coffee Crop shown in Column 6 of the Statement and even if valued at the very low rate of only Rupees 8/- per maund as per figures in Column 8.

3. At the latter end of March last and during parts of April last I inspected all the Estates hypothecated to the late Sakleshpur Agricultural Bank in company with Mr. H. Pilkington and found that the portions of such of the Estates in which

cultivation

Cultivation had been done
under Mr. H. Pilkington's
instructions and supervision,
had much improved. Copies
of Mr. H. Pilkington's inspection
notes regarding each estate
are herewith submitted, which
contain Mr. Pilkington's estimate
of the Coffee crops for 1905-06
as entered under Column 6
of Statement A, their approximate
value being entered at
Rupees 8/- per maund under
Column 8 as the lowest,
and at Rupees 9/- per
maund under Column 9,
which may be considered
as the highest unless the
Coffee market much improves
In Column 7 of Statement A
Mr. H. Pilkington's estimates
of Cardamom Crops are
entered

entered against the Estate Owners
Concerned, their approximate
value at Rupees 20/- per maund
being shown under column 10.

4. In my letter No: 105/Ag/3
Dated 20th instant I recommended
that 85 Acres - 17 Guntas (being
the portion of Kirhalli Estate
situated within the limits of
Kirhalli village) be sold to
Mr. H. F. Anderson who offers
Rupees 946 - 12 - 0 for the same,
and that the remaining
portion of Kirhalli Estate
Comprising 135 Acres 1 Gunta
be sold by auction if no
advantageous offers be
received in the meanwhile.
For this area of 135 Acres 1 Gunta
I have provided a small
annual allotment of Rupees 200/-
in the event of the same
having to be bought in
and managed for want
of a suitable purchase offer

or

at sale bid. This is the lower value of its Coffee crop estimated by Mr. H. Pilkington at 25 Maunds, and it will be necessary to provide for the cost of picking this crop besides some slight cultivation in the way of clearing weeds &c.

5. With reference to List-II (Concerning the late Saklespur Agricultural Bank Estates) appended to Govern = ment Proceedings No: Fl 4218-2 B.33-04-11 dated 6th January 1905, I beg to point out that Mr. M.R. Subbiah's Malali Estate has been included with Hadige Estate as required to be sold. This appears to have been done by oversight. Although no advances have been previously made for working Hadige Estate

x

realised not-blee sold

Estate as pronounced by
Mr. H. Pilkington unprofitable
to cultivate and recommended
to be sold, Malali Estate
has been worked throughout
on Bank advances granted
for working expenses. And
on my inspection of Malali
Estate in company with
Mr. H. Pilkington on the
30th March last, I found
that it had much improved
in appearance, and its crop
for 1905-06 was estimated
by Mr Pilkington at 400
to 600 maunds, which valued
at the lower rate of only
Rupees 8/- per maund amounts
to Rupees 3,200 to 4,800. Whereas
the owner (Mr. W. H. Subbiah)
has applied for an

advance

advance of only Rupees 2,500/-
on the hypothecation of this
Crop. I therefore recommend
that this Estate be not sold
now, and that the advance
be granted on the Crop
hypothecation as applied
for by Mr. M. N. Subbiah.
But as it is not profitable
to cultivate Hadigé Estate
further enquiries will be
made as to a likely
purchaser, failing which
there appears to be no
alternative than to put
it up to auction. But
should there be no reasonable
bid for this estate, it
may become necessary
to manage it temporarily
and pick its Coffee and

Hadigé Estate

Cardamom

Estate on the 11th February and
31st March 1905 as also on the
16th and 17th April 1905 on
which latter date he estimates
the coffee crop at 600 to 650 Imams
In these circumstances I recom
= mend that this Estate be
not sold for the present, and
that the owner be given the
advance of Rupees 2800/- applie
for by him for working
expenses on the Crop —
hypothecation

7. For reasons mentioned
in my D.O. letter dated the
21st May 1905 addressed to
the Dewan Saheb (Copy enclosed)
I obtained eight crop hypothecati
bonds (Copies enclosed) from
the Estate owners concerning
the several estates (other
than Udewar, Kirkalli and
Hadige) to whom I recommend
advances (at the Government

rate

Cardamom crops. So I have provided a small annual allotment of Rupees 400/- for the same, which is the lower value of its Coffee crop together with its Cardamom crop estimated by Mr. H. Pilkington at 30 Maunds and 8 Maunds respectively.

6. Further it is directed in the above mentioned List II that Mr. S. Sreekantiah's Sundekere Estate should be "dealt with individually or sold if necessary. I inspected this Estate with Mr. H. Pilkington on the 31st March 1905 and found the cultivated portions very much improved. I beg to invite reference to Mr. Pilkington's notes on his inspections of this

Estate

rate of interest) on such hypothecations, and to the amounts entered under Column 3 of Statement A against each owner concerned for the purpose of working expenses of such Estates as are not intended to be sold at present. I request that very early orders of Government be kindly obtained for payment of the advances in monthly instalments to those owners as they are in urgent need of money for working expenses of the Estates mentioned.

8. This I submit is my opinion of the best and safest way of dealing with the owners of the several Estates mentioned with a view to ensuring proper cultivation of the

approved

approved areas of the several estates which are not now deemed desirable to sell, and to preclude the several owners from getting into further difficulties by borrowing money from Sowcars on the hypothecation of crops - at ruinous rates of interest. Further I am of opinion that all the owners who require money for the working expenses of their estates should not be permitted to obtain the same elsewhere than from Government (at the Government rate of interest) - and well within the limit of the estimates of crops to be hypothecated to Govern= =ment for such advances payable to them in monthly allotments to be fixed in

accordance

accordance with the season,
and the varied requirements
of each estate. By the grant
of such advances by Govern=
=ment for working expenses,
each owner can be compelled
to render accounts of allotments

advanced each month is
spent upon the estate
Concerned and in proper

9. All these safeguards would be lost by permitting the owners of these estates to borrow money from Sowcars on the hypothecation of their crops, by which means they would obtain money in large sums which they would be tempted to expend on other than the cultivation and improvement of their estates, and when crops fall short they would become further entangled in debts with exorbitant rates of interest, which would result in neglect of work on their estates from sheer want of means, and consequent rapid deterioration to the detriment of Government interests.

2

I feel sure that, although Mr. H. Pilkington Inspector of Coffee Estates, has during the past two years worked very zealously and done all in his power to advise the Estate-owners as to cultivation, to check their expenditure, and to detect malpractices, it is impossible for one Inspector to do such constant work effectively at so many as 30 estates which were hypothecated to the two Agricultural Banks at Sakleshpur and Chikmagalur, scattered as they are over so large an area, especially as those in Kadur District are so distant from those in Hassan District. It is most essential that there should be a separate

Inspector

Inspector of Coffee Estates
for the Estates situated
in this District and moreover
a resident in Mangerabad
Taluk, who could visit each
Estate sufficiently often
and devote more time
to these estates than it
was ever possible for
Mr. Pilkington to devote.

11. I have carefully
considered who would be
the most suitable European
Coffee Planter to recommend,
and I have come to the
Conclusion that Mr. J. G. H.
Crawford who resides at
Ubban Estate in Mangerabad
Taluk would be the most
suitable for the work. He
has had 25 years experience
in Coffee planting in these
parts, is middle-aged, and
active

Mr Crawford

active, and speaks Kanarese. He has long been the Senior of the Superintendents employed on Mr. Brooke-Mockett's estates in Mangerabad Taluk, and has been a very successful Coffee Planter. From his letter dated the 27th instant addressed to me (herewith submitted in original for perusal and kind return) it may be seen that he is willing to undertake (in addition to his present duties) the duties connected with the Estates which were hypothecated to the late Saklespur Agricultural Bank on a monthly salary of Rupees 150/-, which will be well worth his services considering that he is a Coffee Planter of repute

V

12. There are 20 estates which were connected with the late Chikmagalur Agricultural Bank of which an area of 1,256 acres is under cultivation; whereas there is an area of only 634 acres under cultivation concerning only 10 Estates which were hypothecated to the late Sakleshpur Agricultural Bank. It is thus obviously an unfair division to debit a moiety of Mr. H. Pilkingtons' salary viz Rs 250/- to the latter. Hence the employment of Mr. J. G. H. Crawford on Rupees 150/- for the estates in Hassan District would be a saving of Rupees 100/- per mensem as far as these estates are concerned, and would leave the balance of Rupees 350/-

as

as Mr. H. Pilkington's salary for the estates in Kadur District, which would be a Division of salary quite in accordance with the respective number of estates and acreage under cultivation in each District. Further, there would be a considerable saving in travelling allowances as the mileage covered by journeys to and from the two Districts would be unnecessary if this arrangement be approved.

13. Concerning the Uldevar Estate under Government management, I beg to state that I have paid the usual monthly allotments to defray working expenses and the Superintendent's salary for

for the period of three months
from the 1st April to the
30th June 1905 out of the
balance remaining unspent,
from the grant of the official
year 1904-05 - as authorized
in the second paragraph
of the Government Proceedings
No: Fl. 6994-6 / B.33-04 dated 15th April
1905 now under reply.
Regarding the latter portion
of para 2 of these Proceedings
Concerning the estimated
expenditure on Aldewar
Estate during the official
year 1905-06, I beg to
enclose - a copy of Mr. H.
Pilkington's letter No: 331
dated the 10th May 1905
together with its enclosure
being - a revised statement
of

of expenditure devided into three periods viz: —

Rupees 1,045-0-0 1st April to 30th June 1905.
Actually drawn 3 months allotment Rupees 900-0-0
manure " 120-0-0
1,020-0-0
met from Grant of 1904-05.

Rupees 4,530-0-0 1st July 1905 to 31st March 1906
1,108-12-0 1st April to 30th June 1906.
including Kandayan Rs 518-12-0

5,638-12-0
32-6-9 Add Local cess omitted in Mr H. Pilkington's Statement.

Total Rs: 5671-2-9 To be provided for in the Grant of 1905-06.

14. It may be seen from Mr Pilkington's revised statement that he has taken the estimate of the Eldewar Estate Coffee Crop at 800 maunds valued at Rupees 6,80[illegible]
(viz at Rupees 8/8 per maund)

But

But as Mr. Pilkington mentioned in his Inspection Notes dated 16th April 1905 that 800 maunds was conditional on the blossom setting well, I have adopted in my Statement A a lower estimate of only 700 maunds so as to be on the safe side. The approximate value of this Crop at the mean rate of Rupees 8/8 per maund would amount to Rupees 5950/-. Hence the provision of Rupees 5,671-2-9 entered against Uldewar Estate in Column 3 of Statement A is within even the approximate value of the lower estimate of crop, and may be sanctioned.

15. In conclusion I beg to submit Statement B

which

which includes the portions of Oldewar Estate which are in three separate blocks divided from each other by intervening lands which do not belong to the Oldewar brothers; moreover these three blocks are distant from the main blocks of Oldewar Estate and hence no cultivation undertaken in them. I therefore recommend that all these three blocks be put up to public auction together, chiefly on account of their proximity to each other so that a person wishing to purchase a larger area than one block might also purchase one or both of the other two blocks. Moreover, Melkalli block (the sale of which has already been sanctioned in para 1 of the

Oldewar blocks (1) the sold together

the Government Proceedings
No: Fl 6994-6 dated 15th April
B-33-04
1905 under reply) being one
of the good virgin soil,
would attract bidders for
the other two blocks: also
if put up to auction
together; whereas it might
be found difficult to get
good bids for the two
latter if put up subsequent
to the sale of Mélhalli.

16. Soliciting the
favour of early orders
of Government being
obtained on my several
proposals, and particularly
the required sanction to
the annual allotments for
the several estates for
working

working expenses during
the ensuing year Commencing
with July 1905 as being the
most urgent.

I have the honour to be,
Sir,
Your most obedient Servant

D M Sutherland.

Deputy Commissioner,
Hassan District.

Sir,

I have the honour to enclose herewith
(1) my "Inspection Notes" made during my visits to Agricultural Bank Estates during the months of February, March and April 1905.
(2) A statement showing the portions of these Estates that should, in my opinion, be sold if possible.
(3) The March account of expenditure on Eldewar received from Mr. Adams.

I have to inform you that this is the only Estate that has rendered an account for March.

(4) I propose on my next visit to Eldewar to instruct the Amildar of Mangerabad to give orders to the Sheikdar to meet me at Eldewar, and point out the boundaries of certain number that are not defined.

(5)

(5) I will at that time also inspect numbers 187, 188, 189 and 190, in Eldewar village described as jungle and situated near Mailhalli and will then inform you what I consider to be the value of the same, and if they can be classed at the same rate as Mailhalli jungle.

Udewar. Mr. Adams. Manager for the Bank. Inspected 11-2-1905 and 2-4-1905.

In February I found that crop work had been completed, and "Kotch digging in the new estate was going on.

On April 2nd I found the digging had been completed over all the parts dug by Mr. Lake in the monsoon

Stumping dead trees, and removing and topping suckers was nearly Completed.

A good deal of fencing has been done to keep out the cattle which have done much damage.

This part of the Estate is now very promising.

Some shade regulating and digging remain to be done in Nos Lota and Subedar Lota, which will complete the work in this part of the Estate.

I instructed Mr. Adams to Commence work in the old Estate in Kalé Mara and Kulmavin Mara Takus as soon as there had been rain.

Udewar

Eldevar. Inspected 16-4-1905. In company with the Deputy Commissioner.

Work had been commenced in the portions of old estate (Dod Ildevé) viz Kulmavin mara and Hale mara Lakus; and the shade was being regulated. These pieces will be dug as soon as there has been sufficient rain to soften the ground.

There had been another heavy shower in Dod Ildevé; but less, and apparently hardly sufficient, on the Hoo Tota side.

As the better coffee in Dod Ildevé that was pruned last July has a very fair crop, I now think this part of the Estate will give more than I expected. Maradi Tota will give a good crop if the blossom sets well. But I now think a safe estimate of the crop is Maunds 600 (value say Rupees 4800/-). And if the setting is good it may amount to Maunds 800, which will fully cover my estimated expenditure.

Thippapur (acres 9 of coffee) Shade regulating had been completed in about 3/4ths, or say 6 acres.

Pruning had been commenced. A little cattle manure had been collected, but the Bone and poonac manure supplied will complete this piece.

There had been rain, and the greater part of the blossom had been out and apparently set.

Ranvalhalli (acres 10 but very patchy) The remainder, about Acres 3, has been dug so the whole is now clean.

If cutting out of too dense and bad shade, and planting up of Coffee supplies and Silver Oaks is carefully done this monsoon; I think this piece will now "Come on"

Hokalhalli (Acres 13) Looking very well in the better parts.

Pruning had been finished. Manure was being applied. Sufficient rain had apparently fallen

Hargode

Kargode. The Deputy Commissioner was shown this piece which has not been cultivated. It is now in my opinion quite unfit for coffee.

Kirgalally. Acres 24. Looking very well. Sufficient rain had apparently fallen.

Pruning had been finished. Cattle manure was being applied to three of the pieces. Bone and poonac will be applied to the fourth piece.

I had advised the owner to do the whole Acres 24 with Bone and poonac; but he has decided to only do 1/4th and to take the rest to Tippapur. He will have more than enough Bone and poonac for these pieces; and has thus wasted money in the purchase of more Cattle manure than he actually needed. I have written to him about this.

with the Deputy Commissioner.

I have been unwilling — previously to recommend money for work in these pieces as they have been a common grazing ground for cattle, and also as Idenli required all the Owner's work and attention. As however, Mr. Usman Saib has commenced replanting his Yedehalli piece, and Mr. Lala Saib's difficulty and expense in fencing out cattle will be thereby diminished and as there is this year, some little promise of crop on these trees, I think it advisable to allow the owner money to work up the best of this Coffee.

My estimate of the money required is as follows:—

Digging .... 6 acres in May	@ 4/	Rs 24
Cutting out shade	@ 3/-	" 18
A rough pruning	@ 3/-	" 18
Weeding in September		" 18

The only work done besides that Connected with Crop was carrying out manure to the Estate.

The place was looking very well, and with favourable rain should Give 400 Maunds, about the same as this year's Crop.

The Nursery had improved very much.

I Checked the picking account which owing to Owners' absence I had not been able to do previously.

He explained that the high Charge under this head was due to the fact that it included — Rupees 75 paid for the watchers on the Estate.

A considerable amount of Cattle manure has been collected in the paths, and will be applied to the trees as soon as there has been rain. The Bone and Poonac will be applied to Nadikulpatte

There is very fair promise for next year, and the crop should not be less than Maunds 400; but sufficient rain has not yet fallen, and is now badly needed.

The shade is now in very good order, and the estate is improving and should do better.

On February 8th I found digging had been completed since my last inspection.

Crop work had occupied all the labour. Pounding was just finished.

I inspected the Coffee in the store stated to be 1155 maunds contained in 231 bags, I selected and tested 5 bags and found them full measurement.

Manure was being collected and Rupees 175/- had been spent on purchasing the same. The owner took me to his Yedehalli property; 10 acres of which he intends to replant this year, and had just commenced clearing and pitting this portion.

On February 10th I again went to Golgondi to meet Messrs Volkat and Co's Agent by appointment, to endeavour to arrange the sale of the Coffee. But owing to the fall in the market I was unable to effect a sale.

On

On the 28th of March I inspected the estate to check the year's account, estimate the value of the work done, and decide what amount might be fairly paid to Mr. Usman Saib out of the proceeds of Crop to Cover his expenditure. His account was forwarded with my letter No: 314 of 2nd April to the Deputy Commissioner.

The estate has been well worked throughout the year, and is in good order. I found that there had been a small shower which had brought out some blossom, but had also done a good deal of damage in the part of the estate nearest to the house. In the greater part of the estate the damage was very slight.

If rain comes shortly there should still be a fair Crop of 16 or 20 tons, in spite of the loss.

Pruning had been done

over

over 21 acres, but had been stopped on account of the blossom.

A large quantity of manure had been collected; Owner stated he had spent Rupees 300/- on cattle manure and Rupees 101-36 on 361 bushels of sheep manure. I checked the greater part of this.

I found the pitting of the new clearing in Yedehalli was completed, and felling very nearly so.

This piece should make a very nice clearing and enhance the value of the property.

Wm. T. Usmandib. Inspected 15-4-1905. In company with the Deputy Commissioner.

Another Acres 20 had been pruned since my last visit, and more manure had been Collected.

In the replanting in Yedehalli the pitting and felling had been finished; but I

points out to the Owner that it would be far better and cheaper to fell more of the indifferent trees now, instead of leaving them till later.

No more rain had fallen. The "spike" still appeared healthy; but the continued drought is now becoming serious.

A fair shower of 0·68 had fallen on the 8th April, and the blossom had been out on the 16th and 17th. On the night of the 17th 0·90 fell; which will I think insure the setting of the crop.

There had been a good blossom in Narré, and more in the existing coffee in Negadi than I had expected to find.

I estimate the Narré crop at

Maunds 450 to 550

Negadi " 50 to 60

It is too early yet to estimate the cardamoms but including Nikkanhalli a crop of 10 to 15 Maunds may be fairly expected.

In Negadi, all the coffee (say Acres 20) has been pruned and shade regulated to some extent throughout; and cattle manure carried to site. These patches of coffee will now doubtless improve,

some

somewhat; but bored as they are I am afraid the old trees will never do much. And if work is continued fencing is absolutely necessary.

The young piece, Haral Gote, should now come on, and do well.

I would advise working up and almost replanting the pieces near the Bungalow, and fencing there, rather than spend money on the more distant pieces, Amman Bané and Ramain Gote. However, the work has now been completed and the money spent; and it can be seen to what extent they improve in 6 months time; and a decision then formed as to the advisability of retaining them in cultivation.

It is very important to give these pieces a light dig in April or early in May, to kill the grass, as otherwise the effect of the work done will be almost entirely lost.

In Karré pruning has been

done

done in 2 of the 14 pieces, and shade regulating in 3 pieces.

It is looking very well throughout. A "basket nursery" has been made, and looks very promising.

The Cardamams have improved very much from draining and shade regulating that has been carried out. Some more still remains to be done in the upper part of the land.

Upto the 29th March about Acres 11 had been pruned.

The estate Cattle manure had been carried out; and more cattle manure was being purchased.

The whole of the estate has been dug, trenched or renovated (except 3 acres) during the year.

Shade regulating has also been done throughout the estate during the year; but in parts a little more will be required in the monsoon.

Only a light shower had fallen at the end of March which had done no harm. I then estimated the crop at Maunds: 500 to 600.

Another light shower fell

fell on April 17th

Until the effect of these showers can be seen estimating is impossible. But the crop should be from Maunds 400 to 600.

My dear Sir

At the request of Mr. N. Venket Rao, Offg Deputy Commissioner of Kadur District I met him and Mr. Pilkington at Belur and we there discussed together on the 13th and 14th instant many details connected with the winding up of the Sakleshpur and Chikmagalur Agricultural Banks and the future course to be recommended for keeping up work of cultivation of the Estates hypothecated to the Government loan. Among other points of difficulty, we discussed at length the possibility

and

and even probability of the Creditors of the owners of Estates obtaining immediately Civil Courts re-open attachments of the Coffee and Cardamom Crops on their Estates. Although the lands themselves are hypothecated to the Government loan, after a long discussion we came to the conclusion that there appears nothing to prevent the Civil Courts granting attachments against the Crops on them in suits against the owners for private debts. The result of this would be to preclude the owners from getting advances on the hypothecation of their Crops either from Government or elsewhere for working expenses of their Estates which would in consequence deteriorate. Some of the owners of the Chikmagalur Estates, I believe, represented

this

this urgent matter to Mr. N. Venkat Rao, and the owners of the Saheshpur Estates represented to me that they were unable to borrow money from Sowcars on the hypothication of their crops except at ruinous rates of interest so that the crops of their estates would also be exposed to Civil Court attachments. Hence Mr. Venkat Rao and I came to the conclusion that it would be unavoidably necessary to recommend the grant of advances from Government at the Government rate of interest to the owners of the estates on the hypothecation of their crops (but well within the expected sale proceeds of the same) so as to afford them working expenses of their estates for the purpose of preserving in Good Condition the securities of

of the Government loan, and
to prevent the owners from
further involving themselves
in debts which would undoubtedly
accumulate if they be compelled
to borrow money from Sowcars
at ruinous rates of interest.
We further came to the conclusion
that it was urgently necessary
to obtain at once Crop hypothecation
bonds from the several owners
of the estates so as to preclude
attachment of crops immediately
the Civil Courts re-open towards
the end of the current month.
I therefore made up my
mind to at once go on to
Saklespur and obtain Crop
hypothecation bonds from the
owners of the Saklespur Estates,
and Mr. Venkat Rao intended
to do the same concerning

the

the Chikmagalur estates. —
Accordingly I obtained crop
hypothication bonds executed
at Sakleapur on the 16th instant
in favour of the Deputy Com-
= missioner (for amounts less
than Mr. Pilkington's estimates of
Crops) from all the owners of
the Sakleapur Estates except Uldoor
Estate which is under Government
management and Kirkalli Estate
which has to be sold and for
which I have already received
an offer from an adjoining
European Coffee planter (Mr.
D. F. Anderson) for the portion
adjoining his estate. As the
matter was urgent demanding
prompt action on my part
I request that you will approve
of my action in this matter.

Yours Sincerely.

To

The Collector of Madras

Sir,

I have the honour to state that I am the owner of the house No. 2 Pycroft's Road, Triplicane, which I have let out to Mr. Ramaswamy Iyengar, Pleader, Triplicane, at a monthly rent of Rs. 25. The said house is in the Triplicane Division and is assessed to Municipal taxes at Rs. 300 per annum. I have been informed that the Municipal Commissioner has proposed to raise the assessment to Rs. 360 per annum. I beg to submit that the proposed enhancement is unjust and unreasonable and that the assessment should not be raised.

I have the honour to be,
Sir,

Mrs Naagaa Mistic

To
The Hon'ble Chief Minister,
Assam, Dispur.

Sub:- Request for grant of Rs. 1,00,000/- (Rupees one lakh only) for the construction of Community Hall at Tengakhat.

Sir,

I have the honour to state that the Tengakhat Tea Estate Labour Welfare Committee has requested me to approach the Government for a grant of Rs. 1,00,000/- (Rupees one lakh only) for the construction of a Community Hall at Tengakhat. The Committee has collected Rs. 25,000/- (Rupees twenty five thousand only) from the workers and has also arranged for the remaining amount from the Tea Estate.

The Community Hall is urgently required as the workers have no place to hold their meetings and social functions. The existing hall is in a dilapidated condition and is unfit for use.

I therefore request that the grant may kindly be sanctioned at the earliest.

Yours faithfully,

Dibrugarh

ಅಧ್ಯಯನ ಕ್ಷೇತ್ರದ ಆಯ್ಕೆ

ಈ ಅಧ್ಯಯನಕ್ಕಾಗಿ ಬೆಂಗಳೂರು ನಗರವನ್ನು ಆಯ್ಕೆ ಮಾಡಿಕೊಳ್ಳಲಾಗಿದೆ. ಬೆಂಗಳೂರು ನಗರವು ಕರ್ನಾಟಕ ರಾಜ್ಯದ ರಾಜಧಾನಿಯಾಗಿದ್ದು, ಇಲ್ಲಿ ಅನೇಕ ಕೈಗಾರಿಕೆಗಳು ಮತ್ತು ಸಾಫ್ಟ್‌ವೇರ್ ಕಂಪನಿಗಳು ಕಾರ್ಯನಿರ್ವಹಿಸುತ್ತಿವೆ. ಇಲ್ಲಿ ಕೆಲಸ ಮಾಡುವ ಮಹಿಳೆಯರ ಸಂಖ್ಯೆ ಗಣನೀಯವಾಗಿದೆ. ಆದ್ದರಿಂದ ಈ ನಗರವು ಅಧ್ಯಯನಕ್ಕೆ ಸೂಕ್ತವಾಗಿದೆ ಎಂದು ಭಾವಿಸಲಾಗಿದೆ.

ಅಧ್ಯಯನದ ಮಿತಿಗಳು

ಈ ಅಧ್ಯಯನವು ಕೆಲವು ಮಿತಿಗಳನ್ನು ಹೊಂದಿದೆ. ಅವುಗಳೆಂದರೆ, ಇದು ಕೇವಲ ಬೆಂಗಳೂರು ನಗರದ ಮಹಿಳೆಯರನ್ನು ಮಾತ್ರ ಒಳಗೊಂಡಿದೆ. ಆದ್ದರಿಂದ ಇದರ ಫಲಿತಾಂಶಗಳನ್ನು ಇಡೀ ರಾಜ್ಯಕ್ಕೆ ಅಥವಾ ದೇಶಕ್ಕೆ ಸಾಮಾನ್ಯೀಕರಿಸಲು ಸಾಧ್ಯವಿಲ್ಲ. ಅಲ್ಲದೆ, ಸಮಯದ ಅಭಾವದಿಂದಾಗಿ ಕೆಲವು ಮಹಿಳೆಯರನ್ನು ಸಂದರ್ಶನ ಮಾಡಲು ಸಾಧ್ಯವಾಗಿಲ್ಲ.

ಅಧ್ಯಯನದ ಪ್ರಾಮುಖ್ಯತೆ

ಈ ಅಧ್ಯಯನವು ಮಹಿಳೆಯರ ಉದ್ಯೋಗ ಮತ್ತು ಕುಟುಂಬ ಜೀವನದ ನಡುವಿನ ಸಂಬಂಧವನ್ನು ಅರ್ಥಮಾಡಿಕೊಳ್ಳಲು ಸಹಾಯ ಮಾಡುತ್ತದೆ. ಇದು ಮಹಿಳೆಯರು ಎದುರಿಸುತ್ತಿರುವ ಸವಾಲುಗಳನ್ನು ಗುರುತಿಸಲು ಮತ್ತು ಅವುಗಳನ್ನು ಪರಿಹರಿಸಲು ಸೂಕ್ತ ಕ್ರಮಗಳನ್ನು ಸೂಚಿಸಲು ಸಹಾಯಕವಾಗಿದೆ. ಅಲ್ಲದೆ, ಈ ಅಧ್ಯಯನವು ಸಂಸ್ಥೆಗಳು ಮತ್ತು ಸರ್ಕಾರಗಳಿಗೆ ಮಹಿಳಾ ಉದ್ಯೋಗಿಗಳಿಗೆ ಉತ್ತಮ ಕೆಲಸದ ವಾತಾವರಣವನ್ನು ಸೃಷ್ಟಿಸಲು ಮಾರ್ಗದರ್ಶನ ನೀಡುತ್ತದೆ.

Dear Friend,

I have your letter. I am sorry you have had to wait so long for my reply. I have been overwhelmed with correspondence and have not been able to cope with it. Please forgive me.

I am glad you have decided to stay in India. Your place is here. Do not be impatient. Wait for the time when you can be of real service to the country. Do not be in a hurry to go to Europe. Your place is here. Do not be impatient. Wait for the time when you can be of real service to the country. Do not be in a hurry to go to Europe.

P. R. W. Wetherall Esquire
Deputy Commissioner,
Nassau District.

Sir,

I am in receipt of your docket No: 87/Agts of 3rd/4th instant with 2 enclosures

As desired in para (1) of same I now have the honour to enclose a revised estimate of Expenditure for Elsewar Estate, subdivided as desired

With regard to para (2) I have read the Government Proceedings enclosed with the above mentioned letter and note particularly para 2 of same. I beg however to remind you of para 1 of page 2 of my letter No: 304 of 11-3-1905 in which I strongly recommend Government to

"Clear and work up some 70 or 100 Acres of the old Estate this year,"

and

and sketch the policy to be followed.

I do not know if that letter of mine was forwarded to Government in full; but I beg to assure both yourself and Government that I did not lightly arrive at the above conclusion; and that I am convinced that money spent on reclaiming the best of the existing Coffee in the "Old Estate" will be money well spent; that if spent at all it must be spent this year, or the Coffee will be past recovery. Further, that if reclaimed this land will sell for a fair price as "Coffee"; but, if allowed to further deteriorate into Grass and Lantana it will probably not fetch more than the

upset

upset price of Rs. 10/- per Acre if as much.

If therefore reclamation of the better parts is not to be attempted the whole should be sold at once before further deterioration takes place.

You yourself have lately seen the parts of this estate that I had reclaimed in July, August 1904; and I think you will admit that the present condition of these parts justifies similar work being continued in the heart of the existing Coffee in "Dod Eldené". Part of the sale proceeds of Melkalli might be utilized for extension in Dod Eldené, if proceeds of Crop prove insufficient.

I make my recommendations in what I consider to be the best interests of Government; and

I

I venture to assert that I must be the better Judge of what Coffee it is expadient to work up, and what to abandon.

With regard to paras (4) and (5) of my letter No: 127 of 26-4-05 I understand that I shall be meeting you at Belur on 12th instant, and shall proceed from there to Udewar to inspect the lands mentioned therein.

I have &
